This Policy establishes Wellex's framework for preventing money laundering and terrorism financing, in compliance with UK POCA 2002, the Terrorism Act 2000, MLR 2017, and FATF Recommendations.

1. PURPOSE AND SCOPE

This KYC/AML/CTF Policy applies to all users of the Wellex Platform who engage in financial activities including depositing funds, receiving yield payments, or participating in the Partner Program. It establishes mandatory identity verification requirements and outlines our obligations for detecting and reporting suspicious activity.

2. KYC — IDENTITY VERIFICATION TIERS

Tier 1 — Standard (deposits up to $1,000)

Full legal name; date of birth; country of residence; email verification; phone number verification.

Tier 2 — Enhanced (deposits up to $10,000)

All Tier 1 requirements plus: government-issued photo ID (passport or national ID); proof of address (not older than 3 months); liveness selfie check; source of funds declaration.

Tier 3 — Enhanced Due Diligence (deposits above $10,000 or high-risk indicators)

All Tier 2 requirements plus: detailed source of wealth documentation; bank statements (3–6 months); PEP and sanctions database screening; possible video call verification.

3. PROHIBITED PERSONS AND JURISDICTIONS

The following are prohibited from using financial features of the Platform: residents or nationals of USA, DPRK (North Korea), Iran, Cuba, Syria, Sudan, Myanmar; persons on OFAC SDN List, EU Consolidated Sanctions List, or UN Security Council Sanctions List; Politically Exposed Persons (PEPs) without EDD clearance.

4. BLOCKCHAIN TRANSACTION MONITORING

Deposits from wallets flagged by blockchain analytics tools (Chainalysis, Elliptic, or equivalent) as associated with darknet markets, ransomware, terrorist financing, or fraud will be automatically rejected and may trigger a Suspicious Activity Report (SAR).

5. ONGOING MONITORING

We continuously monitor all transactions for: unusual deposit or withdrawal patterns; deposits inconsistent with stated source of funds; rapid cycling of funds (layering); structuring; deposits from or to flagged blockchain addresses.

6. RISK CLASSIFICATION

RISK LEVEL	CRITERIA	ACTION
Low	EEA/UK resident, employment income, small deposits	Standard KYC Tier 1–2
Medium	Non-EEA, cash-based business, $5K+ deposits	Tier 2 + source of funds
High	PEP, high-risk jurisdiction, $10K+, unusual patterns	EDD + ongoing monitoring
Prohibited	Sanctioned person/entity, banned jurisdiction	Account blocked, potential SAR filed

7. SUSPICIOUS ACTIVITY REPORTING

Calon Wealth Management Ltd has a legal obligation to report suspicious activity to the UK National Crime Agency (NCA) via Suspicious Activity Reports (SARs).

⚠ We are prohibited by law (the 'tipping off' provisions under POCA 2002) from informing you if a SAR has been filed in relation to your account. Accounts may be suspended pending NCA consent.

8. DATA RETENTION FOR AML

In accordance with UK AML regulations: KYC documents — 7 years from account closure; transaction records — 7 years; suspicious activity records — 7 years; internal investigation records — 7 years.
